FEATURES

- ◆ Full 360° rotation, combined with the Infinity Tilt system, allows for countless tilt angles, providing hours of maximum shade regardless of the position of the sun.
- ◆ The crank lift is built for commercial use, yet designed for smooth and effortless operation in any environment.
- ◆ The extruded aluminum mast is strong and durable, while the high impact resin critical joints give the perfect amount of flexibility in all the right places.
- ◆ Engineered to withstand 25 MPH winds. Included wind stabilizer kit increases this by 5 MPH.
- ◆ Maintenance free stainless steel hardware.
- ◆ Multiple mounting options are available, either permanent or semi-permanent, for installation on any surface.

Built for contract, yet designed with the homeowner in mind. Manufactured with beautiful 9 oz. marine grade acrylic fabric that offers unmatched UV protection and longevity, the Aurora is easy to clean, mold and mildew resistant, and has a guarantee against fading. Other umbrellas are manufactured with lighter, 8 oz. furniture/cushion grade fabric that can sag or stretch over time.

Heavy gauge extruded aluminum, high impact resin joints and stainless steel parts on a marine grade corrosion resistant frame ensure the Aurora is ideal for all environments.
