

EON

EON SERIES
COMFORT SEATING
BY MITYLITE™

MITYLITE™

EON SERIES

is a modern yet elegant banquet chair designed to improve the extended seating experience. It features a fully upholstered flex-back with contoured lumbar support. The plush waterfall seat cushion is equipped with patented FormFlex™ technology; making the Eon Series a perfect blend of comfort, style, and functionality.

EON

DURABLE

yet lightweight attributes of the refined aluminum frame help reduce fatigue for setup and take down crews. Stack buttons, bumpers, glides, and spring sleeves protect the frame and upholstery to provide an additional level of durability in high-use, commercial environments.

FEATURES

- ① Ergonomic backrest w/ lumbar support
- ② 2.5" Waterfall seat cushion
- ③ Powder coated aluminum frame
- ④ Clear plastic glides
- ⑤ Patented FormFlex™ seat

FEATURES

- 6 Fingerhold (pictured) or handle available
- 7 Twin, steel spring flex-back
- 8 Clear sleeve upholstery protection
- 9 Clear stack bumpers & buttons
- 10 Retractable steel ganging option

HIGH CAPACITY STORAGE & STACKING

was an emphasis in the design process of the Eon Series. It stacks 12 chairs high while requiring minimum storage space; allowing you to store up to 20% more chairs than leading competitors in the same amount of space.
